BALL VALVE

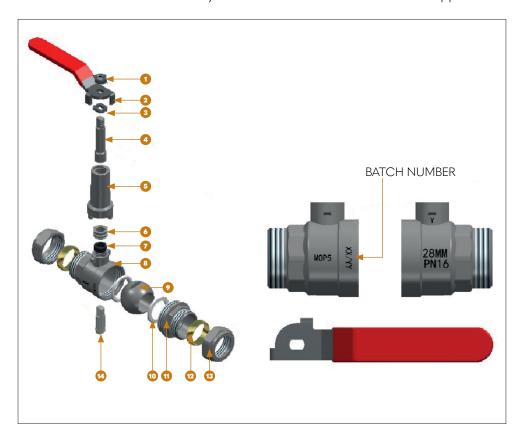

TECHNICAL DATA SHEET

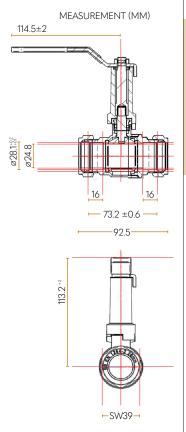

BALL VALVE

Full bore 28mm compression ball valve with nickel-plated brass valve body and red handle to be used in water applications

NC	. NAME	MATERIAL	QTY	NO.	NAME	MATERIAL	QTY	
1	NUT	STEEL WITH DACROMMET PLATED	1	8	BODY	BRASS WITH NICKEL PLATED	1	
2	HANDLE	STEEL WITH DACROMMET PLATED	1	9	BALL	BRASS WITH CHROME PLATED	1	
3	FLAT WASHER	STEEL WITH BLUE ZINC PLATED	1	10	SEAL	PTFE	2	
4	EXTENSION STEM	BRASS WITH NICKEL PLATED	1	11	BONNET	BRASS WITH NICKEL PLATED	1	
5	VALVE STEM SLEEVE	AL-46100	1	12	SLEEVE	CW507L	2	
6	PACKING NUIT	BRASS WITH NICKEL PLATED	1	13	CONNECTION NUT	BRASS WITH NICKEL PLATED	2	
7	PACKING	GRAPHITE	1	14	STEM	BRASS WITH NICKEL PLATED	1	

SPECIFICATIONS / FEATURES

- Connection: Compression
- Material: Nickel-plated brass
- Working temperature: -10°C to 85°C
- Pressure range: 16 bar at 30° C, 10 bar at 65° C and 8 bar at 85° C
- Size: 28mm
- Type: Full bore ball valve

- Compression complies with BS EN1254-2
- Pressure test under 0.6-0.8 MPa without any leakage
- Suitable for hot and cold water
- Working pressure: 1.6 MPa
- Long stemmed for use with ASHP insulation upto 25mm thick
