

■ ASHP EXTERNAL 140MM TRUNKING

Pipework and insulation running from an air source heat pump should be protected. Our range of trunking comes in a 140mm width with an ivory or black option and accommodates both the insulated flow and return pipework along with any associated cabling.

■ FEATURES

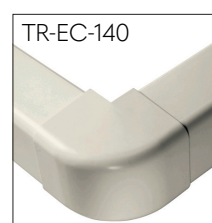

- Easy-to install
- 140mm width accommodates both the insulated flow and return pipe work and other associated cabling
- Provides a professional and neat finish
- Made from high grade fade resistant PVC
- Available in ivory and black
- Protection from the elements, accidental damage and pest damage
