

■ FLOW PLUS CONDENSATE PAN TREATMENT

Flow Plus® is an innovation, condensate drain pan treatment product. Its unique multicomponent polymer system incorporates the latest water treatment technology designed to keep dust and other environmental debris dispersed and suspended, eliminated plugged condensate lines which result in drain pan overflow.

Flow Plus is a complete soluble moisture activated condensate pan treatment, assuring long term treatment that leaves no dispenser, bag, or residue to be removed.

■ FEATURES

- Condensate activated
- Time released
- No residue or waste
- Combats offensive odours
- Stays in place
- Safe to use

■ BENEFITS

- Tablets are activated by condensate flow which provides extended treatment
- Unique polymer regulated formula disperses dust, environmental debris, and other contaminants. Keeps contaminated from clogging or blocking drain pans and p-traps which can cause condensate overflow
- Completely water-soluble and 100% active
- Deodorises as it treats. Contains a pleasant wintergreen fragrance
- The tablet adheres to the drain pan and will not float away and block the drain line
- Non-corrosive, biodegradable, and environmentally safe

■ DOSAGE

FLOW PLUS		
Product	Category	Dosage
25	Mini tabs (25 per bottle)	1 tablet per 1/2 to 3 tons per month
6	Light tonnage	1 tablet per 3-5 tons per month

■ DIRECTIONS

Step 1: Clean evaporator coils and condensate pans with Triple D® to remove existing soil and contamination

Step 2: Disinfect the cleaned surfaces with Sani C-N-D™

Step 3: Place the Flow Plus tablet in the pan so that it is moistened by the condensate, but as far as the drain as possible. See product label or chart above for product dosing directions

Part code	Description	UOM	Master quantity
FLOW-PLUS-25	Flow Plus condensate drain pan tablets - 25 per jar	Each	12
FLOW-PLUS-6	Flow Plus condensate drain pan tablets - 6 x 1oz blocks	Each	12
